

# 2021 Fall Snow Mould Assurance Program

For over 15 years, Instrata® fungicide has offered the strongest, longest-lasting snow mould protection for unmatched performance through even the harshest winters and protection that carries greens through into spring. This track record of proven performance inspired the 2021 Fall Snow Mould Assurance Program.

## How does it work?

Make at least two “going in clean” applications with Syngenta fungicides registered for snow mould and follow up with an application of Instrata as the final winter protection application on your greens.

Should your golf course experience significant snow mould breakthrough next spring, Syngenta will provide a cleanup application of Medallion® fungicide to support your efforts to restore the impacted greens.

Talk to your Syngenta Turf Representative for more information.

## Requirements:

1. “Going in clean” applications must include Syngenta turf products registered for Microdochium patch on greens. Both applications must be made at labeled rates.
2. The “going in clean” applications may not commence before the assurance program begins on September 1, 2021. Applications made prior to this date are not eligible for the 2021 Fall Snow Mould Assurance Program.
3. Instrata must be applied at the labelled rate of 300 mL/100 m<sup>2</sup> as the final winter protection application on greens.
4. Proper spray intervals must be observed for the “going in clean” and final Instrata applications. Applications that exceed the recommended spray intervals between treatments are not eligible for the 2021 Fall Snow Mould Assurance Program.
5. At least two consecutive “going in clean” applications of Microdochium patch fungicides from Syngenta must be made prior to the final Instrata application.
6. The use of at least two Syngenta “going in clean” products with the final application of Instrata may be preceded or followed by additional applications of brand-name products if the Superintendent determines these additional applications are necessary.
7. If you suspect breakthrough Microdochium infection, notify your Syngenta Turf Specialist immediately.
8. All breakthrough claims must be reported to Syngenta by May 1, 2022.
9. If product failure is determined to be the cause of the breakthrough infection, your Syngenta Turf Specialist will coordinate with a Syngenta Retailer to obtain a sufficient supply of Medallion to treat the affected area at a rate of 60 mL/100 m<sup>2</sup>.
10. Your Syngenta Turf Specialist will also work with you to determine if additional support is needed to support the restoration of your greens.
11. The 2021 Fall Snow Mould Assurance Program is for greens only.

The Syngenta logo is displayed in white on a dark green background. It features the word "syngenta" in a lowercase, sans-serif font, with a registered trademark symbol (®) to the upper right of the letter 'a'. A stylized leaf icon is positioned above the letter 'g'.

## Rules & Regulations

- 1. Eligibility:** To receive the 2021 Fall Snow Mould Assurance Program (“Program”), golf courses must have applied at least two “going in clean” applications on golf greens using Syngenta products registered for Microdochium, followed by Instrata as the final winter protection application. There is a limit of one program claim per golf course. The assurance program is limited to golf courses in Canada.
- 2. Registration:** Golf courses that apply at least two Syngenta products “going in clean” at registered rates and intervals, followed by Instrata at greens labelled rate are automatically registered for the Program.
- 3. Program Assurance:** Apply at least two “going in clean” applications on golf course greens in fall 2021 using Syngenta Canada Inc. products that are registered for Microdochium, followed by Instrata as the final winter protection application (at greens rate), and should the golf course have significant snow mould breakthrough in spring 2022, Syngenta will provide a spring cleanup application of Medallion® and support efforts to clean up impacted greens.
- 4. Claim Deadline:** Any claims under this Program must be reported to Syngenta by May 1st, 2022.
- 5. Assurance Value:** Assurance value is limited to the supply of Medallion at labeled greens rate, excluding any application, delivery and/or additional fees that may have been charged to the golf course.
- 6. Use of Information:** The information the golf course provides, or in the alternative, the golf course has authorized their Retailer(s) to provide, will be used to verify the eligibility of purchases and the value of any assurance under the Program. The golf course consents to the collection of golf course information and transactional sales data from the golf course and the golf course’s retailer(s) by Syngenta for the purposes of:
  - calculating, processing and delivering product to the golf course;
  - establishing and maintaining good golf course relations;
  - responding to golf course requests or inquiries using any form of communication or electronic communication including by telephone, fax, email, text message, instant message, and social media, but only where Syngenta is compliant to applicable laws regarding golf course’s consent to receive electronic communications;
  - better understanding golf course needs and preferences;
  - developing and enhancing products and services;
  - managing and developing Syngenta business and operations; and
  - other purposes with the golf course’s consent or as permitted or required by law.
- 7. Golf Course Purchases:** Purchases of qualifying products must be through a licensed retailer. No other invoices or transactional sales data will be accepted.
- 8. Returned Product:** The Program does not apply to any products returned for any reason whatsoever or for products purchased for resale. The golf course has the responsibility to advise Syngenta if they return qualifying products after the claim is made. Failure to do so constitutes fraud and renders the Program and any assurance offered and/or provided under the Program null and void.
- 9. Overpayment:** Any Program overpayment will be deducted from future Program payments and/or assurances at the election and direction of Syngenta.
- 10. Other Terms and Conditions:** Syngenta and its partners reserve the right to restrict participation in the Program and alter or cancel the Program without prior notice.
- 11. Disputes:** Any claim the golf course wishes to make against Syngenta arising from the golf course’s participation in the Program, or any request by the golf course for resolution of a dispute arising between the golf course and Syngenta by virtue of the golf course’s participation in the Program, must be made in writing to Syngenta by no later than 60 days after receipt of the assurance offered under the Program. If a claim, or a request for dispute resolution, has not been made by that time, the golf course shall have no further rights to make any such claim or request.
- 12. Terms:** The terms of the Program as set out in these Rules & Regulations constitute the entire understanding between the parties and supersedes any and all prior agreements, understandings, representations or arrangements, whether oral or written between the parties relating to the Program. No agent, employee or representative of Syngenta, or other person, is authorized to offer or make any other warranties, guarantees, conditions or representations with respect to the golf course’s participation in the Program, other than as set out in these Rules & Regulations. No amendment, change, modification or alteration of the Rules & Regulations for the Program shall be binding upon Syngenta unless made in writing and expressly agreed to in writing by Syngenta.
- 13. Golf Course’s Risk:** Any golf course participating in the Program does so at the golf course’s own risk. Syngenta Canada Inc. warrants that its products conform to the chemical description set forth on the products’ labels. No other warranties, whether express or implied, including warranties of merchantability and of fitness for a particular purpose, shall apply to Syngenta products. The golf course waives any claim against Syngenta for loss of profit, loss of revenue, loss of use of the goods or any associated equipment, loss of capital, down time costs, special, incidental, direct, indirect, consequential, punitive or exemplary damages or penalties of any kind, howsoever calculated or classified, arising from the golf course’s participation in the Program.
