

# Shaun Vey

## President of Syngenta Canada

As President of Syngenta Canada, Shaun Vey leads more than 300 employees in advancing agricultural innovation, with a strong focus on delivering value to retail partners and farmer customers, driving growth and long-term success in Canadian agriculture.

Shaun has held various roles at Syngenta since joining the company in 2009. Early in his career, Shaun served as Territory Sales Representative in West-Central Saskatchewan. He then gained experience on the product management team where he was responsible for a broad range of product portfolios including non-selective herbicides, insecticides, cereal seed, canola seed, and finally as Product Lead for Seedcare™. In 2019, Shaun was promoted to the role of Disease Control Business Manager, leading the fungicide business in Canada and the launch of the Miravis® portfolio. In 2021, he relocated with his family to Cambridge, England where he gained international experience as Head of Marketing for Syngenta UK, Ireland & Nordics. He returned to Canada in 2023 and served as Head of Sales, Crop Protection, leading the national sales and key account teams who are responsible for delivering an excellent customer experience for grower and retail customers.

Shaun has a Bachelor of Science in Agribusiness from the University of Saskatchewan and an Executive MBA from Haskayne School of Business at the University of Calgary.

Syngenta Canada is an agribusiness whose ambition is to be the most collaborative and trusted team in agriculture, providing leading seeds and crop protection innovations to enhance the prosperity of farmers and ensure the continued sustainability of agriculture.
